Pomp...Under the Circumstances

This year, tradition has had to step aside in favor of innovation. Graduates everywhere have found new ways to celebrate, and families, friends and schools have had to reinvent this right of passage. Kingsway's Graduating Class of 2020 may not have marched in procession to "Pomp and Circumstance," but they celebrated with a sense of joy and accomplishment, and were congratulated with great respect and affection.

We would like to share some of this year's moments with the Kingsway community, and thank you for your support of our programs for the special needs community.

We look ahead with hope and anticipation.
